

WHY THE SECRETARY OF STATE RESIGNED

PRESIDENT WILSON'S NOTE TOO EMPHATIC

**Mr. Bryan States That He Will
Labor in Private Life to
Maintain Peace**

(By Associated Press.)
WASHINGTON, June 9.—SECRETARY OF STATE WILLIAM J. BRYAN LEFT THE OFFICE TODAY. COUNSELLOR LANSING WAS APPOINTED BY THE PRESIDENT AS SECRETARY OF STATE AD INTERIM. THE CHANGE IN THE CABINET AT THIS CRITICAL MOMENT IN THE NATION'S HISTORY TOOK EFFECT WITH THE DISPATCH OF THE NOTE TO GERMANY. THEY DIFFERED, NOT IN THE OBJECT SOUGHT—THE PREVENTION OF WAR—BUT IN THE METHOD OF APPROACHING THE PROBLEM. MR. BRYAN RESIGNED RATHER THAN SIGN THE NOTE, WHICH STATES UNMISTAKABLY AND IN EMPHATIC TERMS, THE DEMANDS OF THE UNITED STATES. MR. BRYAN TOLD HIS COLLEAGUES, WHO WERE GATHERED TO BID HIM FAREWELL, THAT HIS AFFECTION FOR THE PRESIDENT WAS UNCHANGED, AND THAT HE KNEW THE PRESIDENT FELT WARMLY TOWARD HIM. HE SAID HE BELIEVED HE COULD ADVANCE THE CAUSE OF PEACE OUTSIDE OF OFFICIAL LIFE, AND BUILD UP A SENTIMENT TO ASSIST THE PRESIDENT IN MAINTAINING FRIENDLY RELATIONS WITH ALL NATIONS. BRYAN RETIRES TODAY TO PRIVATE LIFE. HE WAS IN TEARS WHEN HIS FRIENDS COMMEMORATED HIS COURAGEOUS FIGHT FOR HIS PRINCIPLES. HE MADE NO EFFORT TO ALIGN WITH HIM OTHERS IN THE CABINET. FROM SATURDAY TO MONDAY THE PRESIDENT HAD HIS RESIGNATION UNDER CONSIDERATION.

NEW GERMAN NOTE STARTED FOR BERLIN

(By Associated Press.)
WASHINGTON, June 9.—Mr. Bryan called on the president and talked for fifteen minutes, exchanging words of farewell. They cordially discussed the situation. Leaving, they clasped hands. "God bless you," said each.
Just after 2 o'clock the new note to Germany started on its way to Berlin. It will be given out for publication in the morning papers on Friday. Simultaneously that Bryan's resignation took effect he gave out a statement on his attitude. "The reason I stated in the letter of resignation, namely, that I may employ as a private citizen means which the president does not feel at liberty to employ. On two

BRYAN'S RESIGNATION AMERICAN CRISIS

(By Associated Press.)
LONDON, June 9.—Surfited as the British public has been with war sensations, Secretary Bryan's withdrawal has created an unusual amount of interest and discussion, because it has

REPORT THAT DANIELS RESIGNED DENIED

(By Associated Press.)
WASHINGTON, June 9.—Reports that Secretary Daniels has resigned, or soon will resign, are current, but are denied on all sides. The rumor grew out of the friendship between Bryan and Daniels. Bryan has planned to issue a statement. His

TONOPAHNS TRIMMED AND ENTERTAINED

SECOND MATCH SHOOT BETWEEN RIFLE MARKSMEN OF TWO CITIES

(Special Bonanza Correspondence)
MANHATTAN, June 7.—The second match between the Manhattan Rifle team and the Tonopah Rifle team, which was held at Manhattan Sunday, was one of keen interest, as was shown by the enthusiastic crowd of spectators. For a long time it was either side's victory, and when one of the Manhattan team was making a good score loud cheers came from their boosters, which were largely composed of ladies of Manhattan, and when a Tonopah shooter would get the white mark, which indicated a bulls-eye, the Tonopah boosters, many of whom were also ladies, were not backward in demonstrating their loyalty to their home team.
Some of the ladies who were present were Mesdames John Kirichen, G. C. Corson, J. B. Trelogan, Henry Schmidt, Jack Peck, and Miss Florence Gray and Miss Louise Parker.
The Tonopah team led by 5 points at the 500-yard range, but at the 300-yard range the Manhattan team seemed to strike its old stride and soon made up what it had lost at the 500-yard range, and at the finish at this range it was considerably in the lead.
The 200-yard range, which was the last shot from, was the hoodoo. The majority of both teams failed to make their usual scores at this range, but the reason was very plain—they were

ALLIES' TRANSPORT SUNK IN THE STRAITS

**SUBMARINES CONTINUE TO GET
IN DEADLY WORK ON
SHIPPING**

(By Associated Press.)
CONSTANTINOPLE, June 9.—The loss of another ship by the allies in the Dardanelles is announced. A transport was struck by a shell. It caught fire and sank. Whether or not there was loss of life is not stated.

LONDON, June 9.—The British Lady Salisbury was submerged, and three of the crew have not been accounted for.

COSTELLO HELD ON CHARGE OF MURDER

**SLAYER OF INDIAN SALLIE IS
BOUND OVER TO THE
GRAND JURY**

Jesus Costello, the confessed slayer of Indian Sallie, who was captured at Las Vegas after pursuit lasting eight days, and brought back to Tonopah, was taken before Justice of the Peace Dunseath yesterday afternoon for preliminary examination.
Costello repeated the confessions he made to the Clark county officers and to Sheriff Slavin, not varying in the general thread of the story nor in any of the details, having apparently rehearsed the entire narrative to himself until he became letter perfect. Although he freely admitted wielding the axe, he endeavored to explain that it was done in self-defense. Judge Dunseath issued an order to hold. The crime is not bailable.

NYE COUNTY MAY LIQUIDATE A DEBT

**STATE ASKED TO SURRENDER
BONDS THAT HAVE NOT
MATURED**

In August, 1909, Nye county took advantage of a legislative act and refunded its debt by issuing \$19,000 worth of 30-year bonds. These bonds were sold to an individual, who later sold them to the Nixon National bank. Later, under legislative enactment which permitted the state to purchase county bonds, the state bought the whole issue, says the Carson Appeal.
A few days ago a letter was received by the state officials from the Nye county authorities, asking if they could buy back \$15,000 worth of the bonds; they had that much money available in the county treasury and were anxious to stop paying the 6 per cent interest the bonds call for. The matter has been taken up by the state officials and they are awaiting the decision of Attorney General Thatcher as to whether the state can surrender the bonds or must wait till the hour of maturity.
Since the sale of the bonds in 1909, Nye county has enjoyed an unusual degree of prosperity from the fact that, backed by the state tax commission, they have been able to levy just assessments and make proper collections thereon. Hence the plethora of money in their treasury.

WIDOWED MOTHERS TO RECEIVE AID

**APPLICATIONS MADE UNDER THE
NEW ACT BY NEVADA
LEGISLATURE**

The act of the recent legislature entitling widowed mothers to receive pensions from the state has been taken advantage of in Nye county. The method of procedure is to have the applications come from the county commissioners, who investigate the cases before transmitting the applications with their approval to the state. At the sitting of the county fathers which concluded last evening there were four applications favorably considered.
The board let a contract to M. J. McVeigh to construct a concrete gutterway along the south side of Erie Main street from Elliott to Cross avenues at a cost of 65 cents a running foot. The gutterway will be 365 feet long and will be accompanied by a concrete walk placed at grade, the cost being borne by the taxpayers of the block. Outside of these matters only routine business, including the allowing of bills, was transacted. Only two commissioners were present. Mr. Davis being still confined to his home by his recent injuries.

MORE THAN QUARTER MILLION CASUALTIES

**LOSSES TO BRITISH ARMY SINCE
THE BEGINNING OF
THE WAR**

(By Associated Press.)
LONDON, June 9.—Premier Asquith in the house of commons today announced that the total of British casualties from the beginning of the war to the last of May is 258,000 in killed, wounded and missing. Secretary of the Admiralty Balfour announced that a German submarine had been sunk and six officers and twenty-one of the crew captured. The German submarine prisoners hereafter will be accorded treatment identical with that of all other German prisoners.

QUEEN CITY OF THE ADRIATIC STORMED

**BOMBS DROPPED, BUT AERO-
PLANES DRIVEN AWAY WITH
ONE-DAMAGED**

(By Associated Press.)
VENICE, June 9.—Two Austrian aeroplanes dropped bombs on Venice today, killing one and wounding several. Anti-airship guns replied, and it is believed that one of the aeroplanes was damaged. A steamboat was injured and the windows of a hotel at Monaco were broken.

GAME BIRDS AND FISH FOR NYE SPORTSMEN

**HOW LICENSE MONEY IS EXPEND-
ED FOR BENEFIT OF HUNT-
ERS AND FISHERMEN**

The money paid to the county clerk for fish and game licenses is returned with interest to the sportsmen by investing it in the propagation of lures for the rod and gun. County Clerk Pohl is not yet able to estimate what revenue will be derived from this source the present season, as only a small percentage of the licenses are sold in Tonopah, the majority being disposed of by deputies at Manhattan, Reese River, Round Mountain and other outlying towns. These deputies have not yet made full reports.
With the money remaining over from last season's license collections Mr. Pohl first ordered a quantity of frogs from New Orleans. Unfortunately they had not become acclimated when the cold weather came the latter part of April and it is reported that nearly all of them which were planted at Cliffords died.
Mr. Pohl ordered seven dozen wild turkey eggs from Pine Grove, Oregon. They were set under hens. Three dozen are being hatched at Pahump, two dozen at Current Creek, a dozen at Wilson's resort and the balance, which were intended for Hot Creek, were not taken by any people there, but are being hatched in Tonopah. Two hundred and fifty pheasants' eggs have been ordered from Beaverton, Oregon. Requisition has also been put in for a large number of trout and black bass fry. They will not be sent here by the state fish commission until August or September.

**NO RECOMMENDATION OF
LENIENCY FOR FRANK**

(By Associated Press.)
ATLANTA, June 9.—The Georgia prison commission today refused to recommend to Governor Slaton the commutation of the death sentence of Leo Frank. This decision is not binding on the governor, who, it is stated, will himself conduct hearings before making his final decision.

MAY PROFITS CONSOLIDATED

Preliminary estimates of the production and earnings of the Goldfield Consolidated Mines company for the month of May show an output of 32,277 tons of ore, with a gross extraction placed at \$334,000, operating expenses of approximately \$174,000 and net realization estimated at \$160,000.

RECEPTION TO MRS. CRISLER

The members of Gettysburg Post, No. 122, Women's Relief Corps, met this afternoon at the lodge hall and tendered a reception to Mrs. M. S. Crisler. Refreshments were served and an excellent program was enjoyed.

EXTENSION, MERGER AND VICTOR UNITED

**Eastern Shareholders of Merger
Vote for Consolidation but
Voice Their Protest**

The shareholders in the Tonopah Merger Mines company late this afternoon voted to consolidate with the Tonopah Extension Mining company, or rather to part with their holdings in the Merger for stock in the Extension, the ratio of exchange being one share of Extension for every seven shares of Merger thus exchanged. At the conclusion of this meeting the shareholders in the Victor also met. In each case nearly the entire capitalization was represented.
It is forecasted that the Victor meeting, which will have been concluded by the time the Bonanza is on the street, will be most harmonious and unanimous, inasmuch as the shareholders who have expressed themselves, seem perfectly content with their ratio, it being one share of Extension for every 3 1/2 shares of Victor.
The Merger meeting, however, was less placid. Horace C. Baker, editor of the New York Copper Curb and Mining Outlook and business representative of Charles A. Stoneham, came into the meeting with in the neighborhood of half a million votes, about 200,000 being the Stoneham proxies. On behalf of the eastern shareholders he voiced a vigorous protest, not against the merits of consolidating the properties, but respecting matters connected with the operation of the Merger. Mr. Baker did not test the strength of the shareholders who favored the past and present conduct of the companies' affairs by voting first for the protestors, but expedited matters by voting for consolidation, after having addressed the meeting. The temporary friction then was succeeded by perfect amity in the brief discussion of matters following the vote for merging.

MASS MEETING PAYS TRIBUTE TO FLAGS

Almost impromptu, so brief was the time for arrangements, was the patriotic mass meeting held last evening at the intersection of Brougher avenue and Main street. The service was held in honor of the flags that will adorn the superdreadnaught Nevada, banners presented by the four Women's Relief Corps of Nevada: Gettysburg, No. 122, Tonopah; General Custer, No. 15, Carson City; O. M. Mitchell, No. 27, Reno, and Phil Kearney, No. 85, Virginia City. These banners, made at a cost of about \$400, consist of the Stars and Stripes, the state flag and the navy battalion ensign. They have been on exhibition here for the past two days.
The band stand, draped in the national tri-color, was used as the speakers' platform. Through the courtesy of Manager Marks of the Mizpah, the hotel piano was used and the entrance to the hotel was occupied by the singers. Rev. R. W. Bayless officiated as master of ceremonies and Mrs. Bayless presided at the piano. It is estimated that nearly 3000 people heard the program.
Mrs. M. R. Crisler of Carson City occupied the seat of honor on the platform and was given an ovation when she was introduced, as it was due to her efforts that the flag movement was started, as well as the adoption by the recent legislature of Nevada of a state flag, something which had been mysteriously overlooked in the past.
The program opened with a cornet solo, "Star Spangled Banner," by Master Clifford Brissell, followed by opening remarks by Mr. Bayless and two vocal solos by Master Brissell. The discourse joined in the singing of "America." William Cuddy read Lincoln's speech at Gettysburg and the state song, "Nevada, I Love Thee Best," was sung by Lavoey Davis. Mrs. Crisler spoke of raising money for the purchase of the flags and how it happened that the state flag was adopted by the legislature. She paid a splendid tribute to Tonopah and the loyalty of its men and women. H. C. Schmidt, an assemblyman from Nye county, who introduced the bill adopting the state flag, was called upon for a few remarks.
J. A. Sanders spoke for a few minutes on patriotism and this concluded the exercises.

DOWNWARD EXTENSION JUMBO EX. PROVED

**ORE SHIPMENTS INCREASED TO
A CARLOAD AND A HALF
DAILY**

(Special to the Bonanza.)
GOLDFIELD, June 9.—The downward extension of the ore body on the Jumbo Extension has now been proved to a depth of 910 feet and it is not a long haul to the 1017 level whence a raise has been advanced 50 feet. At this point the raise cut the contact last night and entered latite. Another 20 feet should disclose ore.
Last week Jumbo Extension resumed ore shipments at the rate of one carload daily but this tonnage was increased this week to three carloads every two days, averaging \$45 a ton, all coming from development.
Engineer Turner in explaining the physical condition of the property said, "We are now raising on four feet of \$60 ore from the 975 level and winzling from the 880 level on 3 feet of \$120 ore. These will connect and expose over 150 feet on the dip. We raised to the ore from the 964-foot level and then began sinking a winze on the ore. At a depth of 910 feet vertically from the surface or 6 feet down in the winze, 4 feet of hornite has been exposed sampling \$175. Yesterday 3 feet of the winze sampled \$172.60 and the day before the first shot opened 2 feet running \$125.34. Raise 524-A is up 42 feet in ore from which a sample from 67 cars ran \$80.64. A face sample from the same raise yielded \$73.36. A little sweetening is being taken out from the old workings that gives some better idea of the resources of the Jumbo Extension. You may imagine what it is when you are told that 17 cars from the 511 stope sampled \$151.12. Last Friday 52 cars from the same stope sampled \$178.42. A surface grab of 114 mine cars on the same day gave returns of \$90.88."

EPIDEMIC AT VIENNA

(By Associated Press.)
PARIS, June 9.—A dispatch says there is an epidemic of cholera at Vienna.

RUNNING SURVEY FROM CARSON TO LAS VEGAS

A party of six, attached to the United States coast and geodetic survey, under the supervision of George D. Cowie, are in Carson for the purpose of setting the levels in a line from there south to Las Vegas, preparatory for another survey to be made by the geological survey, says the Appeal. It is their practice to take the altitude of a given point for a starter, and from this determine the altitude of the country, setting stakes at intervals of about a mile and a half.
